

CONGRATULATIONS

On behalf of the People of Atlanta, I commend the

Mentor Walk

An initiative of the Campus Community Partnership Foundation for exemplary social leadership. Through your commitment to our local students, you are destined to change the course of our younger generation. Over the years, your dedication to mentorship and civic service has inspired many to continue and pursue their education. Your mission is an immeasurable resource to our community and you provide the invaluable experience of mentorship through the "near peer" experience. Thank you for your many outstanding contributions to our residents, community and city. On behalf of the people of Atlanta, I salute you.
